Dear Sir:

In response to the Office Action mailed March 10, 2006, the Applicants respectfully request that the following remarks be made of record in the above-identified application. Claims 1 to 40 are pending. The claims have been divided into four primary groups as set forth below:

I. Claims 1-6 and 22-31, drawn in part to a peptide selected from the group consisting of SEQ ID Nos: 1-13, and 21, a pharmaceutical composition and a diagnostic marker classified in class 530, subclass 300. According to the Examiner, a single sequence is also required to be selected from SEQ ID Nos: 1-13 and 21 which should not be construed as an election of species. Thus, primary Group I has been further divided into 14 separate Groups.
